

## Hygiene and Food Safety Policy

VIDARA LIFE INGREDIENTS, S.A.U., as the main distributor of food products, for human and animal consumption, is aware of the great responsibility that implies to be at the beginning of the supply chain in regards to food safety.

VIDARA LIFE INGREDIENTS, S.A.U., maintains commercial agreements with a large number of suppliers that are carefully selected to ensure the compliance with the regulations, prioritizing those that have the most demanding food safety management systems in the sector.

VIDARA LIFE INGREDIENTS, S.A.U.'s supply and distribution network extends worldwide and for this reason it is of vital importance to have an extensive knowledge of the particularities of the different markets.

### Commitments

VIDARA LIFE INGREDIENTS, S.A.U.'s hygiene and food safety mission is to guarantee, not only the safety, but also the optimal quality of the supplied products to our clients, and for this, the following commitments are assumed:

- ❖ Have a solid and effective HACCP system based on the Codex Alimentarius and on the national reference guidelines, promoting its continuous improvement year after year.
- ❖ Ensure that VIDARA LIFE INGREDIENTS, S.A.U. facilities are adequate to minimize the risks that may affect food safety.
- ❖ Periodically verify the correct implementation of the established prerequisites and internal processes.
- ❖ Ensure traceability through the use of tools that facilitate a reliable control and monitoring throughout the supply chain.
- ❖ Promote the communication and the continuous and integral training of each and every employee as well as to raise awareness on the responsibility that supposes to work with food products.
- ❖ Foster employees and external staff to respect Good Hygienic Practices and food safety standards.
- ❖ Be responsible for compliance, by the collaborating companies, with VIDARA LIFE INGREDIENTS, S.A.U.'s defined standards.
- ❖ Ensure the integrity of the products against possible sabotage or adulteration, control both, sensible products and the facilities' critical areas.

- ❖ Use the advantages that the technological innovations can provide to the VIDARA LIFE INGREDIENTS, S.A.U's processes, promoting the use of new training , managing and warehouse operations tools.
- ❖ Become actively involved in the main national and international sector associations.

The commitments reflected in this policy are part of VIDARA LIFE INGREDIENTS, S.A.U. spirit, promoted by the Management and assumed by all staff.
